2.18	The board should comprise a balance of power, with a majority of non-executive directors. The majority of non-executive directors should be independent.	3	Applied. The majority of directors are non-executive. Although only certain of the non-executive directors are independent as defined by King III, all of the non-executive directors are independent of thought and action. Having considered the matter, the board is accordingly satisfied that the current composition of its board ensures a balance of power and authority.
2.19	Directors should be appointed through a formal process.	3	Applied. The appointment of directors is a matter for the board as a whole and is conducted in a formal and transparent manner.
2.20	The induction of and ongoing training and development of directors should be conducted through formal processes.	2	Partially applied. The induction of directors is not conducted through a formal process. This has not been necessary to date as new appointees have been familiar with the group's operations and the environment in which the group operates. Consideration will be given to an induction programme for future appointees. Directors have unlimited access to the company's resources regarding training and development.
2.21	The board should be assisted by a competent, suitably qualified and experienced company secretary.	3	Applied. PSG Corporate Services (Pty) Ltd has been appointed as the company secretary, having access to competent, suitably qualified and experienced employees.
2.22	The evaluation of the board, its committees and the individual directors should be performed every year.	2	Partially applied. The board does not conduct annual appraisals of its members and committees. However, the efficiency of the board and its committees is continuously assessed.
2.23	The board should delegate certain functions to well-structured committees without abdicating its own responsibilities.	3	Applied. Committees make recommendations which are approved at board level.
2.24	A governance framework should be agreed between the group and its subsidiary boards.	3	Applied. Given that Zeder directors also serve on the boards of subsidiaries, the board is of the view that it is not necessary to formulate a governance framework between Zeder and its subsidiaries. The situation will be continuously monitored.
2.25	Companies should remunerate directors and executives fairly and responsibly.	3	Applied. The board is of the view that directors and executives are remunerated on a basis being fair and reasonable to both the employee and company.
2.26	Companies should disclose the remuneration of each individual director and	3	Applied. The remuneration of directors is disclosed in the directors' report (included in the annual report). Due to the limited number

2.27	Shareholders should approve the company's remuneration policy.	3	The company's remuneration policy is approved by PSG Group as part of the management agreement between Zeder and PSG, in light thereof that PSG carries the cost of remunerating Zeder's directors.
3.	Audit committees
